Below the cut (rejected on evidence): Personal Brand Studio 5.8 (quarterly cadence) · YatraOS 5.6 (affiliate-shaped) · Shikhar 5.4 (tiny TAM) · Dhara 5.3 (one-time gift) · Mann-ki-Baat companion 4.9 (payer≠user, safety) · Celebration concierge 4.6 (frequency) · AI photoshoots 4.4 (Lensa –98%, free Gemini) · Event studio B2C 4.3 (Canva) · Vastu 4.2 (one-time) · Kitty platform 3.7 (Gaming Act 2025).

Top-three verdict: Sitara first (best balance; lightest ops; fastest cheap validation). Sahay second (bigger company, harder ops; natural product #2 on the same family graph). KalaOS third (best-proven B2B economics; smallest ceiling; the disciplined pivot if consumer validation fails).
